

REVIEW OF ADMINISTRATIVE REGULATIONS

Board policy sets the direction for the administration of the education program and school district operations. Some policies require administrative regulations for implementation.

It shall be the responsibility of the Superintendent or their designee to develop administrative regulations and procedures as needed to carry out the policies of the Board of Education. The regulations, including handbooks, will be reviewed by the Board prior to their use in the school district. The Board of Education reserves the right to prohibit administrative regulations and procedures should they, in the Board's judgment, be inconsistent with policies adopted by the Board.

The administrative regulations will be available no later than the first regular Board meeting after the adoption of the Board policy unless the Board directs otherwise.
