

**GIFTED AND TALENTED STUDENTS**

Multiple criteria is used to nominate, screen, and identify students who are eligible for gifted education services. Students new to the District will be screened for possible programming throughout the year. Additional reconsideration processes will be followed when requested.

The ethnic diversity and gender representation of the school district will be represented in the population identified for the gifted and talented programs.

Specific grade-level identification processes, program goals, curriculum outcomes, and program assessment procedures are on file with Student and Supplemental Services.
